

Lucas Albrecht

Missouri S&T Class of 2020

Lucas Albrecht is a 2020 alumnus from Missouri S&T, with a Bachelor's in Chemistry. After graduating, he took the role as Lead Chemist at GCA Labs, a new cannabis quality testing laboratory located in Herculaneum, MO. At GCA Labs, he assisted in method development and improvement, helping the lab to attain ISO 17025 accreditation status. In April of 2022, he accepted a position at a pre-clinical drug development and testing laboratory, Eurofins Panlabs Inc., located in St. Charles, MO.

MISSOURI
S&T

Scientific and Industrial Interests: Small and large molecule research, especially in the field of mass spectrometry. Data science, optimization of data analysis. Development of analytical techniques and instruments.
