

Missouri S&T Department of Chemistry

Colloquium Schedule, FS20

Fridays at 3:15 pm via ZOOM
Coordinator: Dr. Garry Grubbs II

Date	Speaker & Topic	Host
Sept. 11	Dr. Rainer Glaser, Chair, Dept. of Chem., S&T <i>Science Ethics, Goals and Aspirations in Times of a Pandemic</i>	Self
Sept. 18	Dr. Michael D. Stafford, DVM, American Fish and Wildlife Museum <i>Ozone Reaction Problems in Modern Aquariums</i>	Dr. Glaser
Oct. 16	Dr. Nick Walker, Senior Lecturer at Newcastle University at Newcastle upon Tyne, UK <i>Exploring Chemical Physics in Transient Plasma by Broadband Rotational Spectroscopy</i>	Dr. Grubbs
Oct. 30	Dr. Melanie Schnell, Professor of Physical Chemistry, Christian-Albrechts-Universität zu Kiel; Leading Scientist at Deutsches Elektronen-Synchrotron of the “Spectroscopy of Molecular Processes” group, Germany <i>Coherent Population Transfer in Chiral Molecules using Tailored Microwave Pulses</i>	Dr. Grubbs
Nov. 13	Mary Roley, Technical Director, Innovation Jeff Anderson, Vice President, Research, Development and Innovation Steve Bockhold, PhD, Researcher Carboline Company, St. Louis, MO <i>Carboline: Global Supplier of Industrial Coatings, Linings and Passive Fire Protection</i>	Dr. Schuman
